

# Product Comparison

## AIA Contract Documents

powered by **catina**

Feature	Benefit	Catina (New Platform)	ACD5 (Previous Platform)
Documents Dashboard	Effortlessly monitor the progress of all your documents from end-to-end.	✓	✗
Project Hub	Get a centralized view of all your project activity, structured around the counterparties involved with each document.	✓	Limited functionality
Variable Entry Page	Fixed fill points for smooth data entry, with filtering capabilities to easily spot empty variable fields.	✓	✗
Document Editor	Robust online editor that allows you to efficiently edit documents, track changes, and add comments.	✓	Limited functionality
Document Version Tracking	Seamlessly compare drafts to see what changes were made with each iteration.	✓	✗
Document Preview	Preview documents exactly as they will appear when finalized. Eliminate the frustration of finalizing documents only to find they don't match your expectations.	✓	✗
Combined G702 & G703 Forms	Integration of the G702 payment application and G703 continuation sheet for a more simplified workflow.	✓	✗
Configurable eSignature Workflows	Quickly add one or more signatories by utilizing the integrated DocuSign feature, or tracking documents that require traditional ink signatures.	✓	✗
